Dear Parents,

In May 2010, the City of Naperville will begin construction to improve 111th Street from Route 59 to Perth Drive. 111th Street will remain open to traffic during construction, however daily lane closures that will reduce the road to one lane with flaggers directing traffic may be necessary. All necessary lane closures are anticipated to occur weekdays between 9 a.m. and 3 p.m.

In anticipation of the possible lane closures, all District 204 bus routes that use 111th Street will be modified to avoid any major delays to the bus schedules. **These modifications will begin when students return from Spring Break, the week of April 5<sup>th</sup>.** Re-routed bus routes will be posted at Crone Middle School and can also be found on Crone's website at <http://crone.ipeds.org/index.asp>. Parents driving to Crone Middle School are encouraged to follow one of the alternate routes to avoid any possible delays on 111th Street. An Alternate Route Map can be found on Crone's website.

When completed in November 2010, the new and improved 111th Street will be a three lane roadway, with one lane in each direction and a center lane to serve as a median and/or left turn lane. In addition, 111<sup>th</sup> Street will be widened to five lanes at its intersection with Route 59, the roadway will be resurfaced, and sidewalk will be constructed on the north side of 111th Street from Route 59 to 248th Avenue.

All interested residents and motorists are encouraged to sign up to receive the latest news about the 111<sup>th</sup> Street improvements via e-mail at [www.naperville.il.us/enews.aspx](http://www.naperville.il.us/enews.aspx).
