

5W NEWS!

Here is what happened this week in our classroom!

Writing

In writing we are brainstorming ideas of things to write about. We are doing our writing in our writer's notebook and then we can share it with the class. Right now we read books together as a class and then that becomes the topic we write about. *By: Sydney*

Reading

In guided reading we are working on the Daily 5. When we do read to self we should be silent and not moving to a different spot. Mrs. Watts is pulling groups of students while we are reading. We sometimes go to the library and sometimes we get to read with a partner. Guided reading helps us with our fluency and comprehension. *By: Michelle*

Mathematics

We continued to learn more about factors, products, and the various rules of divisibility. We will begin to review the unit on Friday and will continue the review on Tuesday. We are looking at having our first chapter test next Wednesday.

Our class will be writing a weekly newsletter to keep families involved as to what is happening in 5W. Students will take turns writing the various articles that go into our newsletter! Make sure to keep an eye out for it every Friday!

September 4, 2009

Dates to Remember

- ☺ No School 9/7
- ☺ Curriculum Night 9/10 from 6:30-8

Social Studies

In social studies we are studying Native American tribes. We are finding out where they came from, their government, ways they make a living, and where they live. We are putting all our information on a poster and presenting it to the class next week! *By: Alaina*

Specials

In music we are working on playing the ukulele. It is a very fun instrument. In gym we are practicing throwing a football. We got to go outside to practice. In art we made folders for our work. We are so happy to have all of these classes! *By: Edgar*

Highlights

I hope to see all of you at Curriculum Night on September 10th from 6:30-8:00 p.m.! ~ Mrs. Watts
