KENDALL

ELEMENTARY SCHOOL

November 2009

Dear Kendall Parents:

Attached is an outlined explanation of Kendall's Anti-Bullying Prevention Program. This school-wide program was previewed at the September PTA meeting and also in the October Kaleidoscope. You may have also seen the program outlined in the October 18th front page of the Naperville Sun. You may access this article titled *Facing Their Fears* on-line at napersun.com. Click under local news and scroll down to the date of October 18th.

Curricular lessons are being taught in conjunction with the classroom teacher along with our Student Services Coordinator, Mrs. Kelly Olson, Social Worker, Mr. Andrew Kutemeier, or School Psychologist, Mrs. Debbie Aukerman. This co teaching approach has begun in grade levels and will continue to be implemented in the following months. Communication will be ongoing through school and classroom newsletters. If you have any further questions, please contact your child's classroom teacher.

Sincerely,

Lena Guerrieri
Principal
