ORIGINAL SCHOOL VISION

The Robert Clow Elementary School is conceived to be a comprehensive school wherein each individual is accepted into the educational process as he/she is. The program will provide instructional activity which makes it possible for each student to develop his intellectual, social, physical, emotional and moral being to the maximum of his capacities.

2004-05

CURRENT SCHOOL MISSION

The mission of Clow School is to develop all students into becoming life-long, self-directed learners, problem solvers, and effective communicators. We are committed to developing students into goal setters and quality producers. Our children will be equipped with collaborative working skills and value becoming contributors to their community.
