On November 5, 2024, residents of Indian Prairie School District 204 will vote whether to continue school funding to support the district's students and schools through the following referendum question. If approved, the funding would address critical infrastructure and safety and security needs across the district.

Our schools were built at a time when expectations for safety and security were not what they are today.

The district anticipates this reinvestment in facilities will save operating dollars and improve efficiencies.

If approved, the bond would result in a 37-cent tax rate, matching the current rate for bonds maturing in 2026, with no increase in taxes.
